## REMARKS

During the week ending the 9th August 1947 in India (excluding East Punjab, Bihar and West Bengal) and in the Indian States shown in this statement, the total number of deaths recorded in 132 towns having a population of 30,000 and over was 8,219. The mid-year estimated population of these towns was 15,898,467 and the death rate was 26.9 per thousand of the population. British in the same towns numbered 11,979 giving a birth rate of 39.2 per thousand of the population. In India alone the corresponding birth and death rates were 39.6 and 27.2 per thousand of the population respectively.

(A) *India*.—In India the following towns returned a high death rate of 50 or over per thousand of the population.

Benares (88.3); Hardwar Union (58.2); Barsi (58.0); Etawah (55.6); Pandharpur (50.9) and Puri (50.4).

The high death rates in these towns were largely due to deaths from fevers. There was a considerable number of deaths from dysentery and diarrhoea in Benares, Hardwar Union, Etawah and Pandharpur. In Benares deaths from cholera were considerable.

In 120 towns in India there were 115 deaths from cholera, 26 deaths from smallpox and 5 deaths from plague. Of the deaths from cholera Jubbulpore recorded 36; Benares 28; Paile Andheri 12; Mirzapur Bindhachal 9; Cawnpore, Jaunpore and Broach 5 each, Nasik 3, Dehra Dun, Hardwar Union and Cuttack 2 each, Saharanpur, Farrukhabad-cum-Katoghgarh, Balrampur, Chanda, Poonah and Rajahmundry one each. Of the deaths from smallpox Nagpur recorded 12; Delhi city 4; Allahabad 3; Moradabad 2; Cawnpore; Sambhal, Nagpur Civil Station, Jubbulpore and Dharwar one each. The 5 deaths from plague were recorded in Coimbatore.

(B) *Indian States*.—Amongst the Indian States shown in this statement there was no town which had a high death rate of 50 or over per thousand of the population.

In 12 towns of these Indian States there was one death from cholera recorded in Porbandar city and 2 deaths from smallpox of which Jamnagar city and Patiala city recorded one each and one death from plague was recorded in Bangalore city.
